Attachments: Simplified Chemical Report 7.30.19.docx

Based on feedback I've made the document a bit more pretty (hopefully), and added the chemical name. Let me know if you need anything else.

Stephanie.

Hi Niva/Joel,

This is what I was thinking for the "Chemical Report" Sheila wants. Let me know if this is useful. As explained earlier, all the PV data is CBI which is unfortunate, but there isn't much we can do about that at this time unless she wants Scott to call the company.

Thanks

Stephanie

Hey, I should have followed up on you with this. If you haven't done so, can you address Sheila's issues? Thanks, Joel

This is too much and not user friendly.

Can you synthesize somewhat for her - # of reporters in 2012; # of reporters in 2016; PV in 2012; PV in 2016; domestic production/import; Uses; industrial/commercial/consumer uses. She needs to see the CBI and non-CBI, but non-CBI needs to be genericized or reported in ranges.

Subject: FW: Heads-up on POPRC listing proposal for Dechlorane Plus - CDR stats

Hi Lance and Sheila,

See the below note from Laura per a request from Tala. Stephanie has pulled the CDR information for Dechlorane; however, all aggregate PVs for 2011-2015 are CBI. Stephanie has provided the path on the CBI LAN to this information.

I'm not sure if this is the information that Tala wants though. Do you want to send this to Laura, do you want me to, do you want us to get additional clarification before sending, or do you have other thoughts?

Thanks, Joel

Hi Joel,

I've attached the non-CBI report. The CBI report can be found on the CBI lan

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Let me know if this is what you wanted. All aggregate PVs for 2011-2015 are CBI.

Thanks

Stephanie

Hi Stephanie, can you run CBI and non-CBI numbers for the below chemical? The next day or two would be great. If you have a lot going on, let me know and I can get Jeff to do it.

Thanks, Joel

Subject: FW: Heads-up on POPRC listing proposal for Dechlorane Plus - CDR stats

Hi Joel,

The chemical Dechlorane Plus (CAS No. 13560-89-9) has been proposed for listing under the Stockholm Convention. This substance is on the TSCA Inventory and active. As requested by Tala below, could CCD please provide CDR stats for the last few reporting cycles?

Thank you,
Laura

The unspecified substance (CASRN 13560-89-9) is on the TSCA Inventory, but the other two specific isomers are not on the Inventory.

TSCA INV_031519							
ID	CASRN	casregno	ChemName	DF	UV	FL	CS
18675	13560-89-9	13560899	1,4:7,10-Dimethanodibenzo[a,e]cyclooctene, 1,2,3,4,7,8,9,10,13,13,14,14-dodecachloro-1,4,4a,5,6,6a,7,10,10a,11,12,12a-dodecahydro-				ACTIVE

Hi Tracy and Myrta,

The chemical Dechlorane Plus (CAS No. 13560-89-9), its syn-isomer (CAS No. 135821-03-3) and anti-isomer (CAS No. 135821-74-8) have been proposed for listing under the Stockholm Convention. Per Tala's request, would you mind checking their status on the TSCA Inventory?

Thank you,
Laura

See Tala's direction for dechlorane plus. She also noted that RAD does not have the bandwidth at this time.

Subject: RE: Heads-up on POPRC listing proposal for Dechlorane Plus

Start by having ICB determine if the chemicals are (1) on TSCA Inv (2) Active and if so, have CCD provide CDR stats for last few reporting cycles.

Hi Tala—

Checking in on the Stockholm listing proposal for Dechlorane Plus. Laura would like OPPT to conduct a technical review soon & comments would be helpful. (Alternatively, if you'd like to delegate someone else – RAD, Todd, etc. — to review, I'll let her know that as well.)

Thanks!

Subject: Heads-up on POPRC listing proposal for Dechlorane Plus

Tala—

Laura Nazef let us know of a Stockholm Convention listing proposal for Dechlorane Plus, recently posted as a meeting document for POPRC-15 the first week of October (attached Word doc). She'll be drafting the Stockholm and Rotterdam position papers in September and it would be very helpful to have OPPT technical review of the proposal, which she could coordinate starting the week of July 22. The Annex D screening criteria for reviewing proposals is also attached.

Would you be able to review the listing proposal and provide any comments ahead of July 22? Any comments you have will be useful in guiding the OPPT staff technical review.

Thanks!
